Join Zoom Meeting at <https://pausd.zoom.us/j/92491714848>;

Meeting ID: 924 9171 4848

Gunn HS Annual Data Night will take the place of our December 7th Site Council meeting, and will be held from 6-8:30 PM. Interested parents in the community are invited to join us for Gunn's yearly Data Night event. In mixed groups of students, parents, and staff, we'll be looking at nine important data sets that will allow us to reflect on our goals as a school, focusing on high quality teaching and learning, equity and excellence, and wellness and safety here at Gunn. Participants will also have an opportunity to help shape the action plan that we're currently developing to help us reach our goals over the next six years as part of the WASC self-study process currently underway. Data Night is a yearly tradition initiated in fall of 2017, and has been a well-received and productive venue for dialogue and understanding. We would love it if you could join us this year. Please contact Tara Firenzi (tfirenzi@pausd.org) know if you have any questions.

And Let's Spread Some Positivity! **Gunn Virtual Gratitude Wall**

From the Gunn Community Building Group: With so much going on that could make our heads spin, let's also remember that you can't have an anxious thought and a grateful one at the same time. We have so much to be grateful for, especially each other! Since our community is not all back on campus and can't all see a physical collage or display of this thankfulness, let's take it online. Drop a note of thanks on this [virtual gratitude wall](#).

****NEW** Connecting Palo Alto**

While we are in a pandemic, design work and planning continues on grade separating the railroad crossings in Palo Alto. The independent XCAP committee is expected to deliver a report to Palo Alto City Council by the end of December. The Council will discuss this report as early as February 2021. Safe Routes to School volunteers and other groups focused on promoting walking and bicycling in Palo Alto are asking for these designs to enable safe use and support mobility for all users of all ages and abilities. Last year more than half of PAUSD high school students walked or biked to school* and we want to ensure they have access to pedestrian and bicycle infrastructure that is safe, cohesive, direct, comfortable and attractive. School communities are encouraged to review information at <https://connectingpaloalto.com>. If you have any questions please contact Jim or Peter - CoChairs of the Safe Routes to School Committee at pausdptasrts@googlegroups.com.

****新的** 连接 Palo Alto**

我们在大流行的时候，我们继续在提高 Palo Alto 的铁路道口。而且，XCAP 的委员会要给一个报告在十二月底。Palo Alto 的议会会在 2021 二月份讲这件事情。“Safe Routes to School”是一个组织和他们在促进学生可以走或骑到学校更安全。这些铁路的变化会让学生去学校更安全。去年，多于二分之一一个学生走或骑自行车到学校* 所以我们要保持安全。我们鼓励学校到这里去复习信息：
